A screenshot of a Facebook post sharing an informational graphic about SDG 6: Clean Water and Sanitation. The graphic is titled "SDG 6: Clean Water and Sanitation" and includes sections on "What is SDG 6?", "Key Objectives", and "Key Statistics". The post has 12 likes and a comment from Kenn Xavier Dabon.

**SDG 6: Clean Water and Sanitation**

**What is SDG 6?**  
SDG 6 aims to ensure the availability and sustainable management of water and sanitation for all by 2030.

**Key Objectives:**

- 01 Providing universal and affordable access to safe and affordable drinking water.
- 02 Improving water quality by reducing pollution and minimizing hazardous waste.
- 03 Ensuring access to adequate and equitable sanitation and hygiene.
- 04 Enhancing sustainable water management to address water scarcity.

**Key Statistics:**

- 2 billion people lack access to safely managed drinking water services (2023).
- 3.6 billion people lack access to safely managed sanitation services.
- Water scarcity affects 40% of the global population and is expected to worsen with climate change.
- Every day, over 800 children under 5 die from illnesses linked to unsafe water and poor sanitation.

**Take action now:**

- ✓ Conserve water in your daily life.
- ✓ Support initiatives bringing clean water to underserved communities.
- ✓ Advocate for policies that ensure sanitation for all.

Let's work towards a world where... See more

A screenshot of a Facebook post sharing an informational graphic about SDG 8: Decent Work and Economic Growth. The graphic includes sections on "Key Objectives" and "Uphold workers' rights". The post has 9 likes and a comment from Nico Colo.

**SDG 8**

**DECENT WORK AND ECONOMIC GROWTH**

**Key Objectives:**

- Promote at least 7% GDP growth per year in least-developed countries and support the creation of economic productivity globally.
- Achieve full and productive employment and decent work for all, ensuring equal opportunities for women, young people, and persons with disabilities.
- Uphold workers' rights, particularly those in vulnerable or informal sectors, and eliminate forced labor, human trafficking, and child labor in all forms by 2030.
- Develop policies that support sustainable tourism, innovation, and entrepreneurship, ensuring environmentally conscious economic practices.

**Decent Work, Economic Growth, and a Better Future!**  
Billions of people rely on steady, safe, and fair work to thrive. SDG 8 calls us to action: let's create opportunities that empower every worker and promote economic sustainability.

Join the movement to reduce unemployment and ensure no one is left behind. Together, we can make a lasting impact!

Act now to support #SDG8. Share this post and raise awareness for #DecentWork and #SustainableDevelopment.

**SDG 7: Affordable and Clean Energy**

"Together, we can power a sustainable future."

**Key Objectives**

- Universal access to modern energy.
- Increase renewable energy share.
- Improve energy efficiency.
- Strengthen clean energy infrastructure.

**Key Statistics**

- 770 million people lack electricity (2023).
- Renewables = 29% of global electricity (2023).
- 2% annual improvement in energy efficiency.

**CHALLENGE**

**LOCAL: (Cebu, Phil..)**

- Frequent power outages in some areas affecting daily life and productivity.

**GLOBAL:**

- Reliance on fossil fuels.
- Limited energy access in rural areas.

**Progress**

- Solar and wind energy expansion.
- Rural electrification projects.
- Declining costs of renewable energy.

**Call to Action**

- Support renewable energy.
- Advocate for clean energy policies.
- Reduce personal energy use.

**IT STARTS WITH YOU**

**Comments:**

- Ace Denver Abella: SDG 7 focuses on ensuring access to affordable, reliable, sustainable, and modern energy for everyone. Clean energy is key to combating climate change, boosting economies, and improving health outcomes. Let's work together to power a sustainable future... See more
- Christian Q. Encierto Oting: Your post is so inspiring! It's true that access to clean energy is essential for a sustainable future, especially here in Cebu where coal dependence is a big issue. Promoting renewable energy like solar and wind can make a huge difference for both... See more
- Nyx-o Badinas: Access to clean and affordable energy is crucial for sustainable development, yet so many still face power shortages and reliance on fossil fuels. It's inspiring to see initiatives like this pushing for renewable energy and energy efficiency. together... See more

**QUALITY EDUCATION**

Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.

**The Reality Today**

- 263M children worldwide are out of school.
- <50% of countries have achieved gender parity in primary education.
- 6 IN 10 children are not achieving minimum proficiency in reading and math.

**Challenges in the Philippines**

- Dropout rates among teens remain high.
- Many rural schools lack basic resources.
- Limited access to digital tools hinders learning opportunities.

**How Can You Help?**

- Advocate**: Raise awareness about educational inequality.
- Volunteer**: Support or mentor students in need.
- Donate**: Provide school supplies or fund educational programs.
- Push for Change**: Encourage policymakers to prioritize education.

**Reflection:**

Through this experience, I gained a deeper understanding of SDG 6 and its importance in ensuring universal access to clean water and sanitation. I learned about the urgent challenges millions face daily, from water scarcity to inadequate hygiene, and how these issues impact health and dignity worldwide.

By sharing my post, I aimed to raise awareness and inspire action, offering practical steps like conserving water and supporting global initiatives. It felt rewarding to contribute to a conversation that could encourage others to make a difference.

The feedback I received, like the thoughtful comment acknowledging my effort, reassured me that my message resonated. It motivated me to continue advocating for this vital cause. This experience reminded me that even small actions, like raising awareness, can contribute to a world where everyone has access to clean water and proper sanitation.
